

COVID-19 AND REAL ESTATE

RE/MAX
REALTY GROUP

FOR REALTORS

Please know that we are Realtors, are ***YES*** still open for business. However, we are ***NOT*** careless and cavalier in our practices, and ***ARE*** making very serious security commitments and taking every precaution and action possible to protect our clients, ourselves, and others. We are minimizing interaction with others (practicing our distancing), while striving to provide a maximum service.

FOR SELLERS

We are committed to a cleaned home, prior to any viewings. Please know many listings, including my own, are "Available" by ****PRIVATE**** Appointment Only. There will be NO overlap in showings. Please know the home will be cleaned and wiped prior to your entry of the home, in addition to ***PROVIDING: WIPES, LYSOL SPRAY, AND HAND SANITIZER*** Upon Entry. If you'd like to tour the home with these cleaning products you are welcome to do so! During Viewings, all room and closet doors will be left AJAR for you, eliminating the need for contact with a door knob or anything else. Light switches will already be on. We will also be providing DIGITAL & VIDEO TOURS of the home, and any further necessary measures upon request. We ask that all showings be limited to their granted time window in the interest of health for all of us. We do ask that if you DO NOT FEEL GOOD, DO NOT COME, I personally will text your agent walk through videos and photos of any details in the home. Personally, I am not allowing Group Showings or Open Houses for obvious reasons.

FOR BUYERS

I am fully committed to ****PROVIDING SANTIZERS & OTHER PRODUCTS**** necessary for your comfort. I am also fully committed to providing a tour where every door is already open, and switch already on for you. ****FROM A DISTANCE**** I can inform you on the home and some key features, and let you tour yourself, maintaining our distance, and taking every measure to keep the home clean for the Sellers AND their Family.

FOR EVERYONE

We are all in this together. In ***NO WAY*** are we as Professionals or People trying to jeopardize anyone's well-being. We as Professionals are COMPLETELY COMMITTED to providing maximum service with minimal to no interaction. Though the Virus has caused some harsh changes in our world, we need to persist and move forward, playing an integral role in a healthy economy as well as a HEALTHY LIFE. I know ****COUNTLESS**** agents that align themselves with my perspective and commitment, so please feel encouraged and secure in your efforts to BUY, SELL, and INVEST in Real Estate...the SINGLE SAFEST INVESTMENT in history. Thank you all, God Bless, Take Care of yourselves.
